**TOPIC OF DISCUSSION:**

**DECISIONS/RECOMMENDATIONS:**

SEPTEMBER 14, 2005 MINUTES:

Approved with corrections.

DIANA BAKER, REPORT ON MASON  
STOUT:

Ms. Baker explained the circumstance regarding Dr. Stout missing the last several Board meetings.

JUDY ENGEN, MD  
PROBATION INTERVIEW:

Dr. Engen reported she continues to study for the SPEX examination. She stated she had hoped to take the examination in January, but will not be prepared to take the exam until Spring. Dr. Engen is in compliance with the terms and conditions of her Order. Dr. Giovanniello made a Motion to meet with her every six months instead of quarterly. Dr. Weinstein seconded the Motion. All Board members in favor.

STANTON BAILEY, MD  
PROBATION INTERVIEW:

Dr. Bailey still has not submitted his aftercare reports or the supervisor reports from Dr. Rasmussen. Dr.

Bailey remains out of compliance with the terms and conditions of his Order. Dr. Bailey stated Dr. Rasmussen mailed the supervisor reports on Monday. Board members reminded Dr. Bailey that the supervisor reports are due monthly and reports have not been received since April 13, 2005. Aftercare reports are due quarterly and the last one was received April 13, 2005. Dr. Bailey stated he attends 5 meetings per week and he is traveling great distances to get to them. He requested that the number of meetings be reduced to three meetings per week. He stated he has been sober 1 ½ years. Dr. Bailey stated he is trying to find a balance in his life and would like additional time to exercise or be with his family. Dr. Bailey was questioned regarding the number of hours he works each week. He stated he averages 40-60 hours per week. Dr. Bailey stated he has talked to his therapist and the therapist has indicated 3 meetings per week would be acceptable. Dr. Babitz stated he would like to see the supervisor report from Dr. Rasmussen and have the therapist submit a letter indicating his/her support for the reduction of the number of weekly meetings he needs to attend. Dr. Babitz made a Motion to reduce the number of meetings to four per week until the Board receives a letter from the therapist and the Board has reviewed the supervisor reports. Dr. Weinstein seconded the Motion. All Board members in favor. Board members requested Dr. Bailey meet with the Board in two months to discuss what he is doing with the additional time.

Board members indicated they would also like to question Dr. Bailey regarding the high risk patients in his practice.

BREAK 10:00 A.M.  
RECONVENED: 10:15 A.M.

RAQUEL JAATOUL, MD  
APPLICATION REVIEW:

Dr. Jaatoul met with the Board to discuss the circumstances regarding the number of attempts she took to pass the examination. Dr. Jaatoul indicated it was difficult to learn the medical terminology in English and the exam was the first she had taken in English. She indicated if licensed, she will work with the Hispanic population at the University of Utah Clinic on Redwood Road. Dr. Pingree made a Motion to approve Dr. Jaatoul for licensure. Dr. Weinstein seconded the Motion. All in favor.

LAYFE ANTHONY, MD  
INTERVIEW:

Dr. Anthony and Linda Hensley met with the Board to discuss the chart notes submitted by Dr. Anthony.

Ms. Hensley reported to the Board that Dr. Anthony is very well liked in the office, is a great resource and a good consulting physician. She stated she feels he has excellent judgment and is good with patients. Ms. Hensley stated she reviewed some of the chart notes submitted by Dr. Anthony and suggested several changes. Dr. Anthony stated he made some of the suggested changes, however, he indicated that none of the suggestions had to do with treatment, but with wording in the charts.

Board members also requested he indicate which patients fall into the

deficiency area identified in the CPEP evaluation. Board members would also like to see included a chart plan, discussion, side affects of treatment and patient complaints.

Dr. Anthony stated he would like permission to work and begin billing patients. Dr. Babitz stated it will take some time to be sure the deficiencies identified in the CPEP evaluation have been addressed.

Dr. Anthony indicated the chart notes will document Ms. Hensley's suggested changes; he will add the category of patients to address the CPEP evaluation; will include the chart plan, the discussion, the side affects of treatment and further elaboration of patient complaints. Dr. Weinstein also suggested he indicate whether or not the patient is a new patient, a follow-up patient, or a previous patient with a new complaint.

Discussion: The Board will need to determine whether or not they are comfortable with Dr. Civish continuing as the preceptor or if Dr. Anthony will need to find another preceptor. The Board will continue to review chart notes until it can be determined Dr. Anthony is a safe practitioner. Board members noted that Dr. Anthony appears to be under the impression that he will be completed with the preceptorship in a month or two. Board members stated they cannot make an appropriate judgment in that short period of time. Board members request Dr. Civish meet with the Board separate from Dr. Anthony to discuss Dr. Anthony's progress.

PHYSICIANS LICENSING BOARD  
MINUTES – OCTOBER 12, 2005

JASON CHURCH, MD  
APPLICATION REVIEW:

Dr. Church will be invited to meet with the Board next month.

DISCUSSION REGARDING NEW  
PROBATIONER FORMS:

Ms. Baker indicated that the Division is looking at revising the probation forms. She requested that Board members review the forms and make suggestions on what information they would like to have reported. She indicated the supervisor form is the most problematic at getting the needed information.

APPLICATIONS APPROVED BY THE  
DIVISION:

Mandana Shamsa  
Raha Shaw
